# ÉLKAR

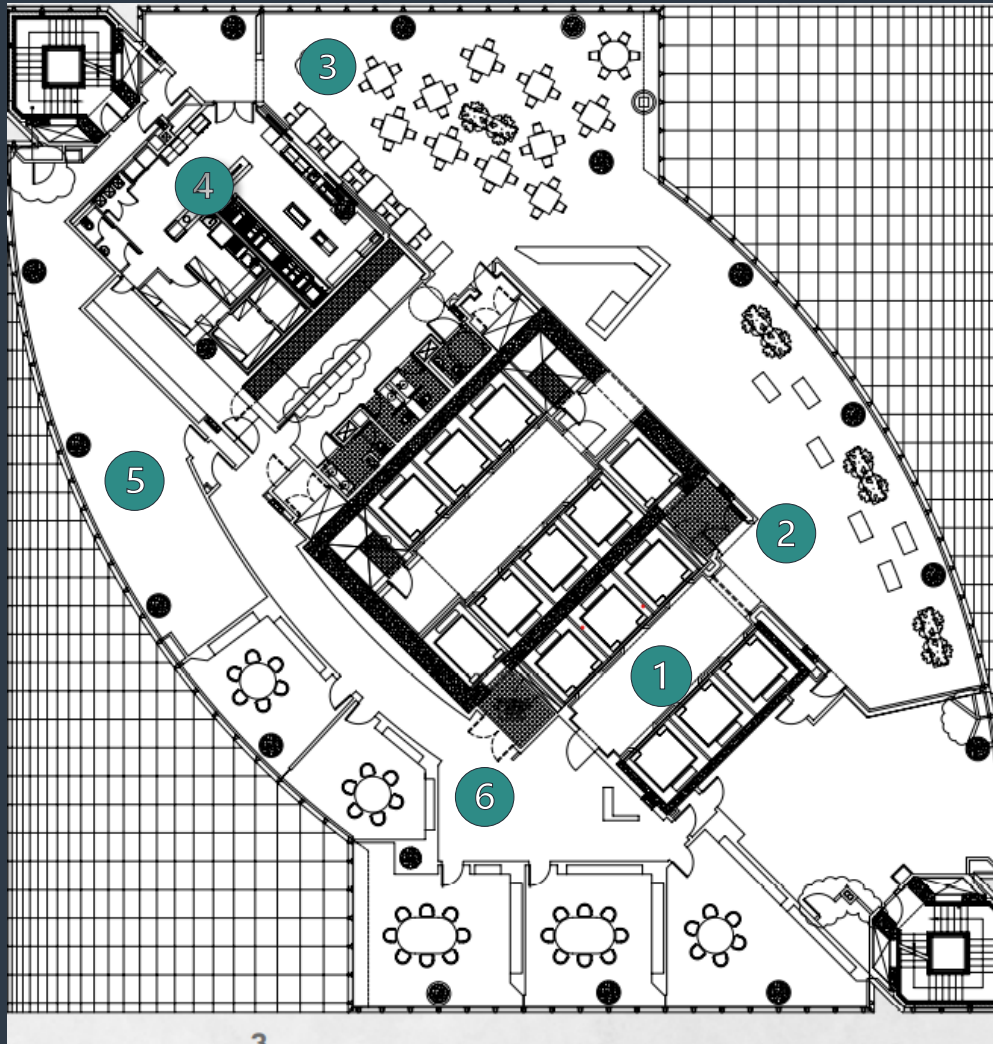

Élkar restaurant is located on the 33rd floor of Torre Emperador Castellana. At 160 meters of altitude and a capacity for 70 people, this exclusive venue offers spectacular views of Madrid's Skyline. Élkar, which means together in euskera, is the new elevated vasque cuisine, which is born from the union of two great chefs. They have created a fusion between two kitchens with a lot of personality: Sergio Ortiz from Zárata, Michelin Star and specialist in sea products, and Beñat Ormaetxea, Nacional Prize Winner for Young Chefs and specialised in hunting.

The restaurant's unforgettable entrance features an open space to conduct cocktails or a wine tasting, where the guests can discover the finest qualities from the wine menu.
